

P. N. CORSETS

Some of the good features of the P. N. Practical Side Corsets:

1—The extra side pieces make the breaking down of the Corset impossible.

2—These side pieces can be removed from the pockets wherein they are set and reversed from time to time without sewing or ripping, insuring permanent shapeliness to the Corset and adding to its lease of service.

3—If a lady wishes ease in reclining, the side pieces may be removed and replaced at her pleasure.

4—The cork steel protectors used in all P. N. Corsets will keep the front steel from rusting and breaking.

We recommend that you try these Corsets.

Go-Cart and Carriage Season of 1908 is Most Here.

We don't expect you are going to buy Baby Wagons extensively until there are a few signs of Spring apparent. However, we always wish to be strictly on time with the goods. Then there are many who like to use a Carriage in the house, as it saves a lot of tending and is a great source of amusement to the little ones.

We are showing in our windows today the new lines for the coming season. If you are going to need one this Spring we solicit your patronage and hope you will look over our line at your first opportunity. To say that the styles depart radically from last year is putting it mildly. Collapsible Carts, Hood Top Carriages in brown, green and maroon finish are in vogue this year. See them.

TO HOLD POULTRY SHOW.

Decided by Meeting of Poultry Fanciers in St. Albans.

St. Albans, Feb. 23.—The following officers were elected at a meeting of the Vermont State Poultry association here last night: president, F. H. Wood; treasurer, C. S. Curtis; and secretary, F. W. Smith of Swanton. For various reasons, the association did not hold a show last year, but inasmuch as many letters have been received from the surrounding towns and from Canada, the association has decided to hold an exhibit in 1909, the third week of January.
